The Community Transportation Association of America (CTAA) has been selected by the Department of Labor (DOL) to present two one-day workshops in California to facilitate partnerships among workforce development, transportation, and human services agencies. The workshops will provide an opportunity for participants to learn effective community transportation strategies to address the needs of the unemployed and underemployed. Workshop participants will receive the Employment Transportation Technical Assistance Toolkit prepared on behalf of DOL.

The sessions are scheduled for Tuesday, March 16, 1999, in Pasadena, and Thursday, March 18, 1999, in Millbrae (San Francisco Airport). Workshop information and on-line registration is available via the California Workforce Association web site or at:
